# ARE YOU READY TO DITCH THE SELFIE STICK?

Enjoy the experience of being photographed by an award-winning photographer and return home with a stunning set of photographs.

It's fun to do, and you'll see not well known places in ibiza! It's a great way to explore the island.

Since a picture is worth a thousand words, I invite you to explore my photography on [Instagram](#), or website, [Ibiza-photography.com](http://Ibiza-photography.com)

I live and work on Ibiza since 2002, and know all the stunning locations that Ibiza has to offer. Some of them are hidden gems you would otherwise probably not visit.

Ibiza is known for its beautiful light. Many fashion magazines visit the island for that reason regularly, to photograph their models against stunning backdrops.

There are a few different packages you can choose from, and all packages include an **Private Online Gallery**, with high resolution as well as social media adjusted images. You have the rights to reproduce for personal use.

Also, you will be given a code that allows you to download the full size, reprintable files, either one at a time, or the whole gallery at once. You can invite friends or family to the online gallery, or share them on social media.
